**Academy / School Name:** Sywell CE Primary School

### Our School Vision

Our Christian Narrative (Romans 12:10) speaks to us of the unity of people working towards a shared purpose, whilst recognising and accepting people’s differences. At Sywell CE Primary School we are all “Working Together in God’s Hands” to build our community based on the values of love, respect and fellowship. These foundations underpin our holistic approach to supporting the whole child as an individual in their educational, social and spiritual growth. Together, we endeavour to ensure that every member of our community feels they are an important and valued part of our school.
